

## H.I.P. Fellowship

The Integrative Fellowship is made possible with funding from EBSCO

### H.I.P. Fellowship for the Underserved

You have reached the website for the only skill based fellowship in

alternative medicine for underserved communities. Please ask yourself the following questions before proceeding&hellip;

- Are you a family medicine physician?
- Do you currently work, or have interest in working with underserved people and communities?
- Are you interested and open to learning specific skills in alternative medicine to integrate into your practice?
- Do you have interest in other practice forms such as group practice that are more open to integrative medicine?
- Are you looking for a year in your life that gives you the space to make the career you have always wanted?
